

OnTrac[®] Boiler Management System

Model Number:	CS-8
Screen Size/Type:	8 inch / TFT color touch panel (HMI)
Number of Boilers Controlled (conventional system):	20
Hybrid Boiler System Capability	
Number of First Tier Boilers:	12 condensing
Number of Second Tier Boilers:	8 non-condensing
Weight:	25 Lbs
Enclosure Material:	16 gauge, powder coated steel
Approvals Electronic Hardware:	UL, CUL, CE
Approvals Assembly:	ETL panel shop
Environmental:	32 -122°F (0-50°C) 10-95% Non-Condensing
Power Supply:	115 Vac ± 10% 60Hz. fuse 1A 250 V
Output Relays Rated for:	120VAC with a maximum switching current of 15A
PLC Battery Backup:	Lithium coin cell battery with 5 year life expectancy
Panel Battery Backup:	Lithium ½ AA, 3.6V with 5 year life expectancy
